

LEYDEN FAMILY SERVICE

ENERGY ASSISTANCE PROGRAMS

What is it?

Utility bill assistance for gas and electric services for income eligible household.

How does it help?

Assist income-eligible household with energy costs by making a payment directly to the utility company(s) on behalf of the households.

How does it work?

To be eligible, households must meet the requirements of each program, including the income guidelines. Households must be able to provide all required supporting documentation.

Where do I apply?

*Call **847-455-3929** to schedule an over-the-phone appointment.*
