NOTE: If it's determined you're in a flood plain, additional engineering fees may be assessed & additional review time for permit may be necessary for flood zone properties. Permits for second floor additions on pre-existing slab or crawl space construction require engineering specifications for foundations / footings.

FOUNDATION ONLY PERMIT WITHOUT ELECTRICAL, MECHANICAL & PLUMBING REVIEWS

By accepting the "Foundation Only" permit and proceeding with the construction of the foundation, you acknowledge that the electrical, plumbing and building reviews are not complete at the time of the "Foundation Only" permit being issued. You thus agree to make any necessary changes to bring the foundation and building into compliance with all electrical, mechanical and plumbing codes necessary during the subsequent plan reviews. All construction pursuant to the "Foundation Only" permit will be undertaken at the contractors and property owner's risk. The issuance of the "Foundation Only" permit does not insure the immediate issuance of subsequent permits for the remainder of the proposed project. The Village of Franklin Park, its Officers and employees shall not be liable to the contractor or any subcontractor, architects, engineers or the owner for any costs incurred to bring the foundation and subsequent super structure into compliance with any and all codes applicable after the completion of the foundation.

Signing below indicates you have read, understood and agreed to the terms set forth by this permit.
