

The Village of Franklin Park Presents

A Community Presentation to Discuss Train Horn Quiet Zones

**NO
TRAIN HORN**

Frustrated with train noise in Franklin Park?

Plan to attend a special community presentation to learn about steps required to pursue the establishment of a Quiet Zone in our Village!

Trains are required by federal law to sound their horns at crossings as a safety measure, but certain crossings can qualify for a "Quiet Zone" status.

Everyone is invited to attend the presentation and to learn more about the Quiet Zone establishment process, including progress made to date, safety upgrade requirements, funding considerations and the ways residents can get involved in this initiative!

Wednesday, October 29 at 7 PM
The Community Room of the Police Station
9451 West Belmont Ave, Franklin Park, IL

Interested but can't attend? Sign-up to participate on the Citizen Advisory Committee on Quiet Zones by calling 847-671-8236.
