Message:

Dear team of Mayor's office, my name is Aditya, and I am writing to express my deepest gratitude to the officers who assisted me during a recent battery incident at 2805 Mannheim Rd. I want to especially recognize Officer Bieze, Officer Danny, and another officer whose name I do not know. These officers have always been there for us, not just this time but many times before. Their care, professionalism, and genuine concern have made a lasting impact on our lives. It's rare to encounter people who show such dedication and kindness in difficult situations, and we feel truly blessed to have their support. Their actions go far beyond duty—they restore faith, comfort, and safety to those they help. Please accept this note of appreciation and share our gratitude with the officers involved. Their compassion and commitment are inspiring, and we are deeply thankful to them. With sincere thanks, Aditya
