

# GROW SOLAR

CHICAGOLAND

Property owners throughout Cook, DuPage, Kane, and Will Counties, may participate in ***Grow Solar Chicagoland***, an education and group purchasing program to pool their buying power and secure discounts for residential, farm, or business solar.

Regardless of where you live in the counties, you can participate in any of the free informational Solar Power Hours. You'll learn about the basics of solar, its financial implications for a household, and how the Grow Solar program works. After the session, get a free, no-obligation site assessment from the competitively selected solar installer, Windfree Solar. You have until September 30, 2022, to decide whether to get solar through the program.
