

## PUBLIC INFORMATION MEETING NOTICE

The Village of Franklin Park will host a Public Information Meeting on the Access to Transit Improvements Project.

Date: Thursday, February 26

Time: 10am

Location: 9451 W. Belmont Ave. Franklin Park IL - Community Room

The proposed project will construct an east–west bicycle route and a north–south pedestrian route connecting downtown Franklin Park, two Metra stations, three Pace Bus routes, and the Village’s three industrial areas. Improvements include multi-use paths, shared-lane roadway markings (sharrows), dedicated bike lanes, covered bicycle racks, and wayfinding signage at Metra stations.

The project is intended to improve access to transit, enhance safety for pedestrians and bicyclists, provide alternative transportation options for residents, commuters, and visitors, and increase connectivity to regional bicycle networks. Project information will be available at the meeting.

Public comments may be provided at the meeting or submitted in writing to the Engineering Department at [engineer@vofp.com](mailto:engineer@vofp.com). Questions may also be directed to 847-671-8308
